No.76/90/Fin.

Dated, Thiruvananthapuram, 6th November, 1990.

Sub :- Public Accounts Committee (1989-91) 63rd Report 1987-89 - Recommendations - Accepted- Instructions - Issued.

In para 10 of the 63rd Report of Public Accounts Committee, the Committee has recommended that regarding decretal claims details such as number of the suit, name of Court, amount decreed, circumstances leading to the suit, the date of judgement, date of satisfaction of the decree, etc., should be fully incorporated in the proposals for Supplementary Demands for Grants by all Departments of Government while submitting them to Finance Department.

2. In para 18 of the 63rd Report, the Public Accounts Committee has recommended that once the pay revision orders are issued all the departments should work out the approximate requirement of additional funds to meet expenses towards that pay revision of employees, consequent on pay revision. The Finance Department was advised to consider the inclusion of the amount thus worked out by the Department in the very next batch of Supplementary Demands for Grants.

3. Government have accepted the above recommendations and order that all Administrative Departments/Heads of Departments/Chief Controlling Officers will adhere to the following instructions strictly:-

- (i) In the proposals for Supplementary Demands for Grants for satisfying Court decrees, full details such as number of the suit, name of Court, amount decreed, circumstances leading to the suit, the date of satisfaction of the decree, etc. should be invariably furnished.

ANNEXURE IV
GOVERNMENT OF KERALA
Finance (Budget Wing-A) Department
CIRCULAR

No.62/93/Fin.

Dated, Thiruvananthapuram, 4th September, 1993.

Sub :- Court Decrees – Finance payment on the basis of Court Decree- Debiting of expenditure
 – Further Instructions – Issued.

Ref :- 1. Circular No.77/90/Fin. dated 8-11-1990.

2. Letter No.BK11/X/16-22/93-94/89/442 dated 22-7-1993 from the Accountant General (A&E), Kerala, Thiruvananthapuram.

In the circular cited, instructions were issued on the procedure for the drawal of amounts under “8674 Security Deposits made by Government” and subsequent adjustments. As per the Circular instructions, in cases where amount are initially deposited in Court by debit to the suspense head “8674 Security Deposits made by Government”, the concerned Departments will have to move for Supplementary Grants to adjust the amounts so deposited in courts under the appropriate functional Major Heads, if the Government loses the case. The Accountant General has pointed out that during 1992-93 several departments have moved for Supplementary Grants to adjust amounts under the final heads of account in LAR cases. But the explanation attendant to such provision in the Supplementary Demands for Grants do not give any indication on the following:

- (i) Whether the amount proposed to be debited to the final head was originally drawn by debit to the suspense head “8674-101-99 Deposits of decretal amounts in Courts for staying execution of decrees”.
- (ii) If so, the month/year in which the amount was drawn by debit to the Major Head '8674-101-99'
- (iii) The treasury from which the amount was drawn.
- (iv) The case number and the designation of the officer who has drawn the amount and deposited it in the Court.

The Accountant General has also pointed out that unless the above mentioned details are available, it is not possible to link the provision made in the Supplementary Demands for Grants with the concerned case and to watch adjustments in cases where the amounts are originally debited to '8674-101-99'.

In the circumstances in future all the Heads of Departments/the Administrative Departments in the Secretariat are instructed to adjust amounts initially drawn by debit to "8674 Security Deposits made by Government 101-Security Deposits made by Government 99-Deposit of decretal amounts in courts for staying execution of decrees" to the final head of account by presenting a 'Nil' bill (by debiting to the final head of account and crediting to "8674" indicating all the details specified in the foregoing para) at the Treasury after obtaining supplementary provision. In the case of 1992-93 accounts, those departments who have failed to do so may furnish necessary details as specified above immediately to the Accountant General so that it could be adjusted in 1992-93 accounts itself and avoid the provision being lapsed.

ANNEXURE V
GOVERNMENT OF KERALA
Finance (Budget Wing. A) Department
CIRCULAR

No.32/2009/Fin.

Dated, Thiruvananthapuram, 23rd April 2009

Sub :- Budget - Seeking of Supplementary Grants - Guidelines issued.

Article 205 of the Constitution provides for obtaining Supplementary Grants when the sums sanctioned by the Legislature for a particular service/function are found inadequate for the purpose or to meet some 'new service' not contemplated in the Annual Financial Statement (Budget) for the year.

2. The primary responsibility in respect of supplementary appropriations is that of the Chief Controlling Officer, who should act with utmost caution in submitting proposals for Supplementary Grants. The Supplementary Grants are only an exception. He should therefore, while submitting proposals, explain to the satisfaction of Government as to whether the expenditure could not be foreseen at the time of framing of original estimates and whether the expenditure cannot, in the public interest, be postponed to the next financial year. Hence, the proposals for supplementary grants have to be prepared judiciously with utmost care and caution so as to ensure that such supplementary grants are inevitable for the purpose they are proposed to be obtained. If, after the close of the financial year, it is found that the supplementary grant obtained was fully unnecessary or far in excess of actual requirement, it may attract an adverse comment in the audit report, which will be examined by the Public Accounts Committee.

3. While proposing supplementary grant for a particular service/function, the Chief Controlling Officer should ensure that the proposed expenditure is for a purpose for which a valid sanction exists. When supplementary grant is sought for meeting supplementary or additional expenditure upon some 'new service', not contemplated in the Annual Financial Statement, it should be ensured that such proposals are supported by valid sanctions issued with the approval of the competent authority.

4. Before proposing supplementary grants in pursuance of the announcement made in the Budget Speech etc., the Chief Controlling Officers/Administrative Department concerned should take steps to formulate definite schemes for implementation of the announcement in consultation with Finance/Planning & Economic Affairs Department and issue necessary administrative sanctions etc, well in advance so that such expenditure can be included in the Supplementary Demands for Grants to be moved in the next session of the Legislative Assembly.

5. All Controlling Officers/Administrative Departments are requested to strictly adhere to above instructions while sending proposals seeking supplementary grants to Finance Department.
